The 2016 International Planetary Probe Workshop (IPPW-13) will bring together engineers, technologists, scientists, mission designers, space agency leaders, and students from around the world for a compelling, week-long collaboration focused on exploring solar system destinations via *in situ* missions.

Workshop: June 13–17, 2016

Short Course: June 11 and 12, 2016

**Held at the
Johns Hopkins University
Applied Physics Laboratory
Laurel, MD**
